

# All the Light There Is

“Not only would I happily read anything Anise Eden writes, I would devour her stories. They are that good.”

- ROSANNA LEO, AUTHOR OF *A GOOD MAN*

## Psychotherapist Cate Duncan is done with danger.

Her training at the MacGregor Group's parapsychology clinic has brought one crisis after another. So when research colleague Skeet offers Cate and her boss-turned-boyfriend Ben a working vacation at his secluded hunting lodge, they jump at the chance.

But the idyllic Mercier Lodge is teeming with secrets: Skeet's unorthodox research methods, a tragic death that occurred at the lodge over a year ago, and its connection to Cate's past.

As they delve into Mercier's unsavory history, Ben and Cate stick close together, trusting in their love for each other to keep them safe. But when a scheme separates them, Cate must rely on the MacGregor Group's paranormal abilities, some surprise allies, and her own determination to track Ben down and crack Mercier's mysteries before the strange place claims any more victims.
